# To the Trade.

We herewith present our Wholesale Price List of fresh and carefully selected GARDEN, FLOWER and AGRICULTURAL SEEDS.

Our seeds are grown by the most careful growers from pure and selected stocks, and we use every care to have all seeds we send out just as represented, but it must be understood that we do not in any way warrant them, nor will we be responsible for any failure thereof. At the same time we are always ready to consider any well-founded complaints.

We will not be undersold by any reliable house on seeds of like quality. Quality is always our first consideration. Cheap seeds are dear as a gift.
